

## THE KEILEY APPOINTMENT

SOME LIGHT CAST ON THE AFFAIR.

The Correspondence Between the United States and Austria-Hungary. Published by Secretary of State's Office—Jottings from the Capital.

WASHINGTON, Aug. 16.—The State department has permitted the correspondence between this country and Austria relative to Minister Keiley's rejection, to be made public. The most interesting portion is a letter of Secretary Bayard to the Emperor Francis Joseph. It says that this republic not only does not recognize but has a profound contempt for race or religious distinctions, and that not recognizing them ourselves we cannot be expected to consider them for the purpose of humiliating other peoples' religions. Bayard intimates that while the Austrian ambassador will be treated with social and official courtesy so long as he remains here, the United States government would not be offended if that gentleman were called home. The Emperor's reply to this letter has not been received.

## Gen. Burdette Talks About a Grant Monument.

WASHINGTON, Aug. 16.—Gen. S. S. Burdette, commander-in-chief of the G. A. R., returned here yesterday from the G. A. R. encampments at Gettysburg, Pa., and Springfield, Ill. To a reporter Gen. Burdette said that at each of those places he spoke to the veterans regarding the erection of a monument to Gen. Grant and they were unanimously in favor of its location in Washington. He said that very soon a general order would be issued to all the departments of the organization, officially making known the project of erecting a monument. Gen. Burdette is in favor of a distinctive monument to be erected by the G. A. R. veterans exclusively. He thinks that a national monument should be paid for by Congress.

## The Destructive Gra-shoppers.

WASHINGTON, Aug. 16.—Owing to the rumors of injury by grasshoppers in parts of Montana, the signal bureau has at Prof. Riley's request instructed its agents in the North West to telegraph at once observations of injury or their movements instead of sending them monthly as heretofore. Prof. Riley has also sent an agent to the field, whose reports confirm previous statements. Not only are there large numbers of this destructive Rocky Mountain species at work, but the common native and non-migratory species are also much more numerous than usual.

## Cattlemen Must Drive Off Their Stock.

WASHINGTON, Aug. 16.—The Secretary of War has instructed Gen. Miles in command of the department of the Missouri, to hold troops in readiness to enforce the President's recent proclamation in relation to cattlemen on the Cheyenne and Arapahoe reservations. By the terms of the proclamation the cattlemen will be compelled to remove their herds by Sept. 4. The troops will be held at Fort Reno.

## A Notorious Thief Shot Dead.

WASHINGTON, Aug. 16.—Addison Coleman, a notorious negro thief and desperado, while resisting arrest, this afternoon, was shot and almost instantly killed by the accidental discharge of a policeman's revolver.

## Sad Ending of a Row Between Cousins at Greenwich, Conn.

A New York despatch says: Joel Carpenter, the boy who was shot by his cousin Jasper Umberfield Friday evening at Greenwich, Conn., died from the effects of his wound this afternoon. Umberfield killed himself at the time.

## Burglary at Gouldsville.

The house of E. W. Cochrane of Gouldsville was entered by burglars Thursday night and a rubber coat, about two dollars in money and a pocket book containing notes to the amount of \$200 or \$300 were taken. The burglars were in the pockets of Mr. Cochrane's clothes near the bed on which he slept. He was not awakened and traces of either or chloroform were observed the next morning about the house. Mr. Cochrane had lately received a large pension, and was probably supposed to have considerable money in the house. Attempts were made to enter other houses in the village, but all were unsuccessful. There is as yet no clue to the burglars.

## Round Lake Campmeeting.

The Troy conference camp-meeting was opened at Round Lake, N. Y., Wednesday evening with an informal service of song, prayer and conference. The meeting is in charge of Dr. Homer Eaton, presiding elder of the Cambridge district. Revs. A. Hall and D. W. Gates offered prayer. Dr. Eaton read Phil. vi. and then spoke earnestly for about ten minutes. He was followed by Dr. Robinson, president of the Round Lake association, D. W. Gates, presiding elder of Albany district, J. W. Bennett of Burlington district, J. M. Edgerton of Round Lake, and many other ladies and laymen with other ministers. Rev. J. W. Bennett is in charge of the morning prayer meeting, Rev. C. M. Clark preached yesterday morning and Rev. D. R. Lowell in the afternoon. A service for children was held at 1 o'clock p. m.

## Mr. Phelps as a Diplomatist.

An Albany correspondent of the Swanton Courier tells of an incident that occurred several years ago, in which Minister E. J. Phelps, the late Chief Justice Pierpont and Parson Cady of Albany figured. The two former gentlemen were duck-hunting near Albany, and had shot several ducks. They were hungry, and conceived the idea of roasting some duck over an extemporized fire. Accordingly, they went upon the land of Parson Cady and there seized upon some rails, with which they built a fire. The parson, discovering that they had misappropriated his property, approached them and severely censured the legal gentlemen for "stealing his rails." At this Minister Phelps invited the parson into his tent, in his polite way, and finally induced him to take some of the duck. The parson was pleased with the cooking and left with many apologies for his hasty language after he had found out who the gentlemen were. Whereupon the Judge remarked to Phelps that he would make a good diplomatist—and the duck diplomatist is now diplomatist at the Court of St. James.

## RAILROAD MATTERS.

Report has it that the Boston and Lowell railroad will soon build a fast propeller to fill the place of the Lady of the Lake on Lake Winnepesaukee, that vessel not being deemed powerful enough to compete with other lines.

The sale of thirty day tickets over the New York Central, at one cent per mile, will be discontinued to day. This indicates early restoration of old rates.

The Central Traffic association which is composed of all railroad lines bound east from Chicago, met at Commissioner Fink's office, in New York yesterday. In the language of one of the gentlemen present "things were lively." The result of the meeting was the decision to form a cross money pool, all settlements to date from Aug. 1. A board of officers was elected and given power to confer with the trunk lines committee.

Travel has been resumed over the West Shore road in New York, which was damaged by the storm of last week. Rev. J. H. Babbitt of Swanton is attending the International Sunday-School executive committee's meeting at Chautauque.

The officials of the Pennsylvania railroad are arranging for the enforcement of the Ohio color blind law. The division superintendents have been instructed to begin the examinations immediately.

The Vermont Valley railroad managers are leveling the bank just below the end of Walnut street in Brattleboro, putting in extra side tracks to the Whetstone stone arch and will build a frame engine house and turn table thereon September first.

A despatch from St. Paul, Minn., quotes a Northern Pacific railroad official as saying that the distinctive issues to be joined at the September stockholders' meeting of the Northern Pacific railroad company are between the Wright and Billings interests; that ex-President Billings heads those who hold that the road ought to perfect its present facilities, and are desirous to effect Henry Villard's return to power, and that Villard's journey abroad has resulted in enlisting the German stockholders in his interests.

The Grand Trunk railway company have applied to the Montreal council for an extension of two years in which to construct the new station in that city.

The suit brought against the Southeastern by Colonel A. H. Gilmore of Stanbridge, a shareholder in the Montreal, Portland and Boston, seeks to annul the lease of the latter road to the former, on the ground that it never received the assent of the shareholders.
